

# 3<sup>rd</sup> Aarhus Immunotherapy Symposium (AIS3)

## *Translational Cancer Immunotherapy – New Biomarkers, Targets and Combinations*

Aarhus University, Thursday November 30<sup>st</sup>, 2017  
[Merete Barker Aud. \(Bldg. 1252-211\)](#)

**13:30 - 14:00 registration & networking**

**Welcome: Vice-Dean Lise Wogensen Bach, Health, Aarhus University**

Chairs: Thomas Vorup-Jensen & Poul Sørensen

**John Haurum**, F-star, Cambridge, UK (Keynote)

14:00 - 14:40 Immuno-oncology: Revolutionizing cancer care

**José Moreira**, Copenhagen University, Denmark

14:40-15:10 Biomarkers for patient risk stratification: a rational approach to cancer prevention

**Martin R. Jakobsen**, Aarhus University, Denmark

15:10 - 15:40 Triggering the innate immune system: a novel approach to tumour remission

**Per thor Straten**, University Hospital Herlev, Denmark

15:40 - 16:10 Therapy of solid cancers using T cells and running shoes

**16:10 - 16:30 Pause 20 min, coffee**

**Ivan Horak**, Symphogen, Lyngby, Denmark

16:30 – 17:00 Precision medicine in the era of targeted therapy; from clinic back to bench

**Ida Hiemstra**, Genmab, Utrecht, Holland

17:00 - 17:30 Translating basic science to antibody therapeutics

**Bent Jakobsen**, Immunocore, Oxford, UK

17:30-18:00 Fine-tuned T cell receptors for cancer immunotherapy

**Networking and dinner 18:00 – 22:00**
